Profile

Computer Science graduate aspiring to secure an entry-level Data Analyst and Power BI Developer role to start my career in data analysis, data visualization, and business analytics. Possesses a strong foundation in data cleaning, exploratory analysis, and dashboard design using Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, MS Excel, and Power BI. Eager to transform complex data into actionable business insights to support strategic decision-making.

Education

Computer Science and Engineering (B.Tech)

Sagar Institute of Research & Technology-Excellence (RGPV)

July 2022 – June 2026

CGPA: 8.34 / 10 | 83.40%

Intermediate (Class XII) — UP Board

June 2020 | PCM: 75.02%

High School (Class X) — UP Board

April 2018 | Percentage: 82.83%

Certificates

- Python Foundation with Data Structures & Algorithms — Itronix Solutions
- Data Analytics, Microsoft Power BI — Infosys Springboard
- MySQL & Database Management System — Infosys Springboard
- Recognized by college for consistent attendance, punctuality, and sincerity.

Technical Skills

Languages: Python (Data Structures and Algorithms), SQL (MySQL, SQL Server)

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Seaborn, FastAPI (Basic)

Data Analytics & BI: Power BI, Advanced Excel, Google Sheets, ETL Processes, Exploratory Data Analysis (EDA), Statistical Analysis, KPI Tracking, Data Modeling, Data Preprocessing

Tools & Platforms: Jupyter Notebook, Visual Studio Code, GitHub, Gemini AI (Basic)

Soft Skills: Problem-Solving, Data Storytelling, Technical Presentation, Team Collaboration, Adaptability.

Internships

Infosys Springboard (Virtual)

Sep 2025 – Nov 2025

Data Visualization and Analysis Intern

[Project Link](#)

Tools: Python, SQL, Power BI, Excel, Pandas, NumPy, Matplotlib, Seaborn

- Wrote SQL queries to extract, transform, and analyze data across 5+ real-world datasets, applying ETL processes and data cleaning to improve data quality for reporting.
- Performed data validation and quality checks to ensure accuracy of datasets used in analysis and BI reporting.
- Built and maintained 3+ interactive Power BI and Python dashboards for data-driven decisions across business and operations stakeholders.
- Conducted exploratory data analysis to identify trends and patterns, translating findings into clear reports for non-technical audiences.

Projects

AirFly Insights: Airline Operations Analysis

[Project Link](#)

Python (Pandas, NumPy, Matplotlib, Seaborn, Plotly), Power BI, SQL

- Analyzed 484K+ airline flight records to evaluate flight operations, delays, cancellations, routes, airports, and seasonal trends.
- Performed data cleaning, preprocessing, feature engineering, and exploratory data analysis (EDA) to prepare large-scale operational data for analysis.
- Built KPI-driven visualizations and Power BI dashboards to communicate flight volume, average delays, cancellation rates, and airline performance.

Market Sales Analysis

[Project Link](#)

Python, Python Libraries (Pandas, NumPy, Matplotlib, Seaborn), Power BI, DAX, Excel

- Analyzed USA Superstore sales data to evaluate sales, profit, orders, customers, regional performance, and product/category trends.
- Built an interactive Power BI dashboard with KPI tracking, filters, and visual analysis to identify key business performance patterns.
- Used DAX measures and data modeling to calculate business KPIs and compare performance across regions, categories, sub-categories, and time periods.

Books Sales SQL Analysis

[Project Link](#)

SQL, MySQL, Data Analysis, Aggregation, Business Analytics

- Analyzed book sales data using SQL queries to evaluate revenue, orders, quantity sold, product performance, and customer purchasing behavior.
- Used JOINS, GROUP BY, aggregate functions, subqueries, filtering, sorting, and conditional logic to answer business-focused questions.
- Identified top-selling books, high-performing authors, category performance, revenue contribution, and customer purchasing patterns.

Extra-Curricular

- Leader, Shikhar Club — SIRTE, Bhopal (Student Activity Centre), 2024 – Present
- Member, True Sage Foundation — Bhopal, Madhya Pradesh
